AT LEAST FIFTY MORE EXPECTED BY TOMORROW.

## PRIESTS HELP BISHOPS IN OPENING HIGH MASS

Bishop Lillis Preaches Doctrinal Sermon Following Pontifical Ceremony—Big Banquet Tonight.

A parade many blocks long opened the Knights of Columbus convention this morning. Forming at the L. O. O. F. hall and headed by the Fourth Regiment band, the line moved to Buchanan street, then north to Fourth, east to Main, south to Thompson, west to Buchanan and north to the Saint Patrick's church.

Bishop Burke of St. Joseph, who celebrated Pontifical High Mass this morning at 9:30 o'clock at St. Patrick's church, was assisted by Father Bolger of St. Patrick's church of St. Joseph as deacon; Father Arnsberg of Chillicothe as sub deacon; Father O'Riley of St. Patrick's church of Kansas City and Father Lloyd of Columbia as deacons of honor.

Bishop Lillis of Kansas City was assisted by Rev. Fathers Odillo, O. S. B., of St. Mary's church of this city and Berthold, O. S. B., of Conception, and Father Anselm, O. S. B., of this city, as arch priests; Father Joseph, O. S. B., of Conception, master of ceremonies.

Some of the other priests here are Father Kussman of Bonnville; Father Frown, O. S. B., of Clyde; Father Call of Stanberry; Father Sheridan of Springfield; Father Fleming of St. Joseph; Father Stephen, passionist father of St. Louis; Father J. J. O'Neill and Father J. P. Brady of St. Joseph.

**Sermon on Catholic Beliefs.**

Bishop Lillis took as the basis of his sermon the prophecy of Isaiah that the sons and daughters of Israel will come back to Mother Jerusalem and sue for pardon and peace. He said that the sons and daughters who are afflicting the mother are the heretics, apostates and schismatics who have left the real church of God.

"And it rests upon you Knights of Columbus as one of the great organizations of God's church to see that you remain uncompromising Catholics and win back the world to one religion under one central authority as Christ instituted it," said the Bishop. "The revolution of the sixteenth century retarded the triumph of Christ's church but it ultimately will prevail."

"I am positive and I know that you men in the pew as well as the priesthood are confident also, that any one who follows religious truths with a free mind must ultimately land in the Roman Catholic church. And we

Fathers Paul and Peter Ordained 25 Years Ago—Tomorrow Anniversary of Abbey There.

The new M. E. Church, South, at Wilcox will be dedicated on the last Sunday of this month, May 28. An announcement was made today by the pastor, the Rev. G. T. Rolston of Bar-

nard. Bishop E. E. Hendrix of Kansas City, senior in the college of bishops of that church, will be present and will preach at both the morning and evening service. He is one of the most popular of dedication speakers and is much in demand for that work.

A basket dinner will be served in and around the church at noon and evening and an all day event is planned. The program will be announced next week by the pastor.

The building committee which had charge of the work which began last September were T. C. Hall, B. C. Hainline and Andrew Jensen, all of Wilcox. One of the features of the day will be the reading of a history of the church.

It is probable that the Rev. A. B. Duncan, presiding elder of the St. Joseph district, and other prominent churchmen of the state will attend. The Rev. R. C. Holliday, pastor of the Buchanan Street Methodist church here, will attend with most of his con-

gregation.

No preaching services will be held in the Buchanan street church on that Sunday. J. H. Thorp has charge of arrangements by which a large number from here are expecting to go in automobile parties.

Superintendent W. M. Westbrook of the Maryville public schools received a telegram this morning that he had been elected superintendent of the schools of Marshall, Mo. That city is slightly larger than Maryville and is the county seat of Saline county.

The new place will mean a raise of \$300 for Mr. Westbrook, the superintendent's salary there being \$1,800 a year. He will have forty teachers under him and 1,200 pupils. Besides a new high school building, there are three large ward schools and a five-room colored school.

Mr. and Mrs. Westbrook expect to move to their new home about the first of July.

## PRESIDENT CALLS OUT THREE STATE MILITIAS

All Available Infantry Ordered to Border by Wilson and All Americans Asked to Leave at Once.

Special to The Democrat-Forum.

Washington, May 9.—The first step towards complete intervention in Mexico, should the Carranza forces break with the U. S. was taken today when President Wilson issued an order calling into active service "for duty as border guard" the national guard of Texas, New Mexico and Arizona.

Simultaneously with the announcement, an order was issued sending practically all infantry in the United States to the border.

### Preparing for Open Break.

Washington, May 9.—Consul Agent Carrothers, at El Paso, notified the state department that he has received information from excellent authority that the Carranza garrison at Juarez is to be withdrawn. Army officers see in this the confirmation of the report that both Carranza and Obregon are preparing for an open break.

In this connection it is known the Pershing units now have accumulated very large reserve supplies and ammunition and are ready for any emergency.

### Obregon Issues Denials.

El Paso, May 9.—Obregon made the following statement:

"Stories of impending war are utterly false, and it seems quite useless to deny them. There are certain interests who find it to their advantage to maintain such alarming reports, but

An interesting discussion of the German and English systems of training their citizenship was given by Dr. G. D. Strayer of Teachers' college, New York City, in the Normal assembly yesterday. He was representing the Carnegie foundation for the advancement of teaching. He said in part:

The whole scheme of education in the United States is quite satisfactory, but it is also the most unsatisfactory type of social enterprise. Our education has been for the preservation of democracy. But we are beginning to realize that the individual must feel an obligation toward this democracy.

America has been called the land of opportunity. But this opportunity must not mean the individualism that

In these troublous times, the people are not going to swap horses in the middle of the stream. They are going to re-elect the president who has stood by them and patiently steered the ship of state between the shoals and reefs of national complications. Incidentally, too, they will do well to return those members of congress who have stood by the president and by them. Performance is a safer guide than promise.

## FOUR YEARS AGAINST 40 YEARS.

The Hon. Leslie M. Shaw, a leading Republican well known in Maryville and former secretary of the United State treasury, virtually admits, in a recent interview published in the Indianapolis News, that the Democratic party has done more of a constructive nature in its four years of control than his own party did in forty years. Here is what he says:

"I have no hesitancy in admitting grave doubts whether the Republican party can, even if it should try, and also whether it ought to try to defeat the party now in power upon an issue of exorcism because it has failed to accomplish in four years what we failed to do in forty years. If we have a small and inadequate army and navy, the Republican party is 80 per cent responsible for its inefficiency, for the Republican party has been in

power 80 per cent of the last half century. If our coast defenses are silly, I submit it does not lie in the mouth of the Republican party to say much about it. Let the next administration be a business administration, and while preparing for peace let it also do what we all agree should be done—prepare for eventualities that may ensue."

### WELCOME, KNIGHTS.

Visiting Knights of Columbus, our hands are extended, our hats are off, our flags are flying, our doors are opened, our faces are smiling and our hearts are glad that you are with us for these two days.

Before you read these words, you will already have known these facts from the warm welcome which has been extended to you personally and by Mayor A. S. Robey and W. R. Jackson, secretary of the Maryville Commercial club, officially.

The huge key to "Our Fair City" is only symbolic. So even before Mayor Robey presented that, you were aware that Maryville was opened up wide for your reception. We have been busy, particularly the local committee, in preparing to supply your needs and to meet your every desire. As a woman setting her table for honored guests, we have "spruced up" our city (the table) —decorated it with flags and your insignia, and the good things are now laid before you.

Now that you are here, we are so engrossed in your entertainment that we may forget something. We pride ourselves, however, on the famous Maryville hospitality which, it is said, caused you to vote for us at Cape Girardeau last year instead of St. Louis. But every city has that pride and believes itself hospitable.

Most of you have attended many other Knights of Columbus conventions and know what to expect. So as the hostess so frequently says at her table, "Now just help yourselves, and please, if you don't see what you want, ask for it."

## DEGREES WERE CONFERRED

pendence. It was only after a period that the real fruits of protest came in the denying of the sacred and holy sacrament of Christ and his church.

Therefore in all the organizations of the so-called believers we find in one form or another all the essential doctrines of the Catholic church except the one great idea of central authority as established by Christ when he set Peter at the head of his church and made him the spokesman for all the apostles even when Jesus was on earth with them."

Bishop Lillis declared that the Russian nation would come back to allegiance to Rome if a friendly Czar were on the throne. He paid his respects to unitarianism and other "isms." He mentioned "The Menace" and other anti-Catholic publications by saying that they were too scurrilous to be even mentioned by name within the sanctuary.

Good Catholics were warned that they must not yield their principles by entering places of worship other than their own church. "Go to a good picture show or other innocent amusement, spend Sunday with your family or in service of the Church but do not shame Christ by being a compromising Catholic," said the speaker.

Received the Huge Key.

Mayor A. S. Robey and W. R. Jackson, secretary of the Commercial club, delivered addresses of welcome to the delegates and visitors attending the convention this afternoon at the I. O. O. F. hall. The response was made by Landry Harwood, state deputy of Kansas City, who received the large 6-foot key from Mayor Robey. After these addresses, degree work was conferred.

About 250 delegates and visitors are in attendance for the fifteenth annual state convention of the Knights of Columbus. About fifty will come this afternoon and evening. The following had registered at the local Knights of Columbus hall this morning:

St. Joseph—J. F. Nolan, T. J. Sweetney, S. A. Tooley, Paul Lorenz, J. W. Lawler, J. D. Baker, Leo Hectorne, Joseph Tushans, Thomas Roach, Thomas Stack, C. A. Buddy and C. McQuinn.

Turn Game Into Farce

## NORMALS MAKE JOKE OF CONCEPTION GAME.

When Student Umpire Plays "Robber" Act, Bearcats Trade Positions—Mo. Valley Line-Up.

According to the coach and players of the State Normal base ball team, the game at Conception college yesterday was a joke and a farce. At least the Maryville team thought so, for in the ninth Wakeman was sent to the outfield, Scott pitched, Tilson caught, Vanderoost played third, and many other shifts were made.

The Conception college authorities insisted on a student umpire. Not even a member of the faculty or the coach would do, but a student. According to George Palfreyman, coach of the Bearcats, this student gave them two of their runs free out of the hand, while a third probably would not have been made but for a bum decision.

The other two runs were made during the farce in the ninth inning. Maryville got two runs, twelve hits, five doubles and seven singles. Conception got eight hits, two doubles and six singles. Wakeman and Hickman were the battery. A new man has entered school who is slated to give Hickman a run for his money in the catching line.

He is Williams of Bosworth, and it is believed that he will be given a chance to show in the Missouri Valley game Thursday here. He is working out with the team now. Missouri Valley won a 10-inning game from William Jewell yesterday at Liberty.

Their line-up is: Steen, 2b; Talbott, ss; Durrett, lf; Green, c; Reed, 3b; Sturgeon, p; Newman, lb; Allen, rf; Monker, cf.

## THE TWO SYSTEMS

(Continued from page 1.)  
some would lead to, but an obligation toward society as a whole and make each an efficient citizen who will vote intelligently upon all matters.

There are two systems before the world today; the German and the English. In the former country a few persons lead and the others obey. Loyalty is the greatest duty of the citizen. To this very efficient system we must give respect yet we may not approve. The purpose of the German system of education is for a loyal support of the government and fear of God.

The English idea is the most democratic. But this system has not shown up in the present war as one conducive to efficiency as is the German system. In England today conscription is being resorted to, while in Germany there is no need of such.

During the early days of this country the pioneer went out into the wilderness and lived there unmolested. He was free to do as he liked, and in those days individualism ran riot. Today individualism is not so marked as at that time, but we are far behind the German idea yet.

While we do not sanction the German idea, yet we must get away from our individualism and get more of the socialistic attitude. I do not mean that I approve of the attitude or plan of the socialistic party when I make this statement. But we must get the co-operative plan. Not only in our government but also in our schools. The individualistic idea is the easier run, but the socialistic or co-operative plan seems the one best suited.

### Each Responsible for Government.

We are not far removed from the day when each will be responsible for the government. Women not excepted. In a woman suffrage parade some time ago there were several banners which attracted more than usual attention. One read, "Ask the man who owns one." Another, "Eventually—Why Not Now?" We want a system whereby people are not merely order takers for bosses and demagogues.

Are we teachers developing our pupils so they will feel an obligation? What is their attitude and are they willing to make for the development of this democratic society? By our present system we are either getting better or worse. In this democracy we are gradually feeling more obligation each day or vice versa. Which is it?

Do we teachers in our daily work think in terms of co-operation or vice versa? It behooves us to build upon those ideals which we inherited from our fathers or give them up. Which?

## A MEXICAN BREAK SEEMS IMPENDING

(Continued from page 1.)

But He Won't Sign Protocol.

Washington, May 9.—Scott reported to the war department today that Obregon has refused to sign the protocol which had been agreed upon several days ago. He gave as his reason that he must await new information from his government.

Ask Obregon About It.

The United States has directed General Scott to immediately report on the attitude of Obregon regarding proposed protocol, also as to a new punitive expedition now pursuing the Mexican bandits who raided Glenn Springs. Officials are extremely pessimistic over the outlook and a break is admittedly more than a possibility.

Want No More Troops.

Mexico City, May 9.—It is officially announced that steps have been taken to prevent the entry of more American troops into Mexico territory. No explanation was made of this act.

All Americans Ordered Out.

El Paso, May 9.—A report of the state department ordered all consular agents throughout Mexico to warn Americans to get out of the country with the least possible delay.

Overpowered Guards and Escaped.

Marathon, May 9.—Eight Americans who were reported as captured and carried off into Mexico, south of Boquillas, are safe. One employee of the zinc mine arrived today with news that all had escaped. They overpowered the guard and brought three Mexican prisoners back.

Berlin, May 9.—More trenches have been captured by the Germans at Hill 304, and the attempt of the French to recapture the lost trenches turned near Thaumon farm were repulsed. The German war office announced.

## 16 TO 1 IN 1920?

SILVER RAPIDLY ADVANCING IN PRICE.

## MAY BE MONETIZED SOON

England and Other Countries Will Seek to Pay Debts in Cheaper Coins.

Have your readers followed the recent rise in the price of silver? In the past year about 10 cents an ounce.

Who is buying silver and advancing the price? Certainly not the United States. Circumstances abroad, where in two years a debt of thirty billions of dollars has been incurred by the allied nations, may throw some light on this interesting subject.

Europe is hopelessly bankrupt and the day of settlement can be somewhat mollified if the debtors can pay in a depreciated currency. A long step in this direction would be the remonetization of silver. When John Bull was a creditor of the whole earth gold was all he wanted, but John Bull as a debtor is a different matter, and he would be glad to pay in silver, the only means in fact by which the enormous debt can ever be paid.

Now here is the prediction: After the war is over the allies will remonetize silver. They are the buyers now. This alone will create a new value to all the silver on earth, at least five thousand million dollars toward paying their debt. In addition it will give a new purchasing power to the silver countries of Asia, Africa and South America. Ocean freights will all be in the power of the allies, and arranged for their convenience and profit. Trade destroyed by the war will be built up by giving foreign countries a new power to purchase.

And where will Uncle Sam be? He will as usual come in at the tall end of the procession and shape his finances at the dictation of Europe. He will humbly accept his advances on account of the war in silver at \$1 an ounce, which he is now selling to these sharp gentleman at 60 cents.

Look out then for silver at a dollar an ounce. Look out for a trade combination against Uncle Sam that will put his foreign business in great jeopardy. And watch Johnny Bull advocate the silver rehabilitation as the salvation of a ruined world, of which he will be the unselfish leader.

What a glorious story for Bryant to tell to an enraptured Chautauque circuit. A new paramount issue for the political circus! Let the game go on!

## KANSAS CITY STOCK LETTER.

Kansas City Stock Yards, May 9.—Beef steers finished last week slightly lower than the opening of the week, though showing some strength Wednesday and thereafter. Butcher stuff closed a shade lower, and stockers and feeders, sold a quarter lower last week. Receipts today are 11,900 cattle, market generally 10¢ lower, except that good killing yearlings are steady, and stockers and feeders are as good as the close last week.

Some mixed yearlings brought the top, \$9.40, and pulp-fed Colorado steers, 1,100 to 1,400 pounds, sold at \$8.75 to \$9.20, including a spring of 11 loads from the Sugar company at Scott's Bluff, 1,400 pounds, at \$9.20, not as good by 10 cents as steers from same people last Monday at \$9.35.

Some short yearlings from the Panhandle brought \$9.00, from Mr. Caudle, Big Springs, who also had three loads of twos, 748 pounds, at \$8.60. Furneaux Bros., Trinity Mills, Texas, had two cars of yearlings in the quarantine division, 554 pounds, at \$7.85. Heavier quarantines sold at \$8.90 last week. Chicago overran its estimate on cattle today, and the market there is lower, but the liberal supplies around the market circle today are regarded as a temporary condition, and expectation for tomorrow is for a light run and stronger prices.

Indications point to heavy steers getting into the specialty class at an earlier date than usual this year. Last year no special advance was made on finished heavy steers till July. Hogs sold 5¢ lower today on receipts of 14,000 head. The opening was 5 to 10¢ lower, but the hog market has a way of gaining strength all through each daily session, and the close was the best point, top \$9.85, bulk, \$9.55 to \$9.75.

Receipts generally are larger than ever before, and while a big June run is assured, there is some speculation as to whether or not the customary break in prices will be effective this year, owing to the unusually strong demand on packers for all kinds of meats and product. Texas is producing more than twice as many hogs this year as last, which has its effect in supplying the southern trade through Ft. Worth, but the south is a stronger buyer this year.

Receipts of sheep, lambs and goats today were 12,000 head, of which 3,000 were goats. Lambs and sheep sold strong, goats 10¢ higher. Top Colorado fed lambs brought \$11.55, some 92-pound lambs \$11.30, a very strong price, Arizona spring lambs 61 pounds, \$11.25, Arizona clipped ewes, 110 pounds, \$8.00, a record price, Texas killing goats \$5.60 to \$6.00, Angora brushers \$5.25 to \$5.60, Spanish brushers \$4.00 to \$4.50. A liberal run of goats will arrive all through this week.

Mrs. Charles Heflin and children, and mother Mrs. R. A. Cain left this morning for Los Angeles, Calif., where they will make their future home.

Miss Opal Morgan, who has been the guest of Mrs. Edward Egley, left this morning for her home in Clarksdale.

Harold and Vincent Sells of Savannah were the guests of Mr. and Mrs. A. T. Clark Saturday.

Frank Flynn, who was the guest of Mr. and Mrs. Nick Sturm for the week end, left last evening for his home in Kansas City.

Mrs. J. L. Lynch, who has been visiting her brother, D. Norris and Mrs. Norris, returned to her home in Arkoo last evening.

Mrs. J. M. Conley and daughter Miss Ruth are visitors in St. Joseph today.

Mrs. E. D. Donahue is a visitor in St. Joseph today.
